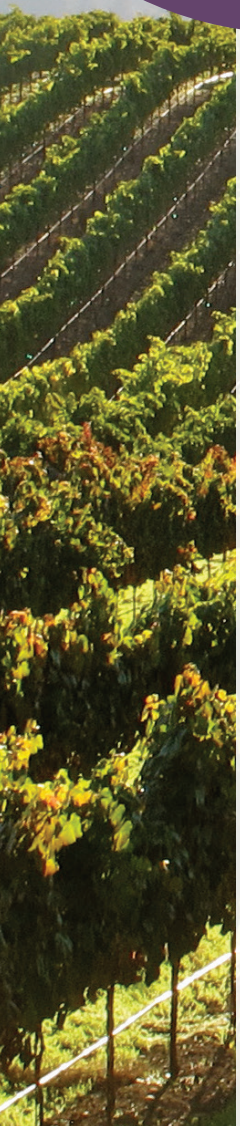
25 years
OF TURNING CHALLENGES INTO PROGRESS



Accelerating knowledge to fight 9 pests and diseases for healthier vines

Driving progress and innovation with 298+ research grants

Delivering practical and sustainable solutions

Improving pest and disease management practices

Monitoring GWSS statewide with 33,000+ traps and 37,000+ regulated nursery stock shipments every year

Deployed 2.8 million+ GWSS biological control agents

Eradicated 18 GWSS infestations

CALIFORNIA
PD/GWSS BOARD
Partnership for Winegrape Pest Solutions

Dear California Winegrape Grower,

Thank you for safeguarding our industry against the threat of serious pests and diseases by investing in the Pierce's Disease and Glassy-Winged Sharpshooter Board.

Because of your ongoing support, your grower-led Board has accelerated focused, groundbreaking research to advance knowledge, improve management practices, and rapidly respond to emerging threats. Your commitment allows us to sustain powerful partnerships with local, state, and federal agencies, and other industries, ensuring the long-term sustainability of California's winegrape industry.

You are making a difference, and your continued collaboration is vital to keeping California winegrapes safe from pests and disease.

Thank you,

Karen Ross, Secretary,
California Department of Food and Agriculture

and the
Pierce's Disease and Glassy-Winged Sharpshooter Board
